Veteran Services

UH Veteran Ally Green Zone Faculty and Staff Training Program

UH Veteran Services is requesting a new one time additional request for FY 2019 to develop and pilot a veteran awareness program to bolster the military cultural competence for UH staff and faculty in order to develop a welcoming and supportive environment for the approximate 3000 military connected students that study at UH.

VS is assessing which model will work the best for our campus. Veteran Services is looking two options either a fully developed online program or a version that would be taught face to face on campus or combination of the two versions. These funds will help to fund the development and implementation of this training program.

UH Veteran Ally/ Green Zone Training	\$5000
6% Admin	\$300
Total:	<hr/> \$5300
