

Veteran Services is requesting Funding to supplement the student wages. For many years UH Veteran Services has relied on The Department of Veteran Affairs to cover the cost of its student worker staff. Over the years we have employed hundreds of Student Workers under this program. As the cost of living has risen, this program continues to pay its workers \$7.25 an hour making it very difficult for Veteran services to find student staff to fill these critical positions. We are seeking funding to provide a stipend to its student workers to enhance pay and pay closer to what all student workers receive on campus.

Summary of Request for One-Time Allocation Request for 2023

Supplemental Pay for VA Student Workers: \$4623.75

6% admin fee: \$277.43

Total: \$4901.18
