FY24 Student Fees Advisory Committee (SFAC) One-Time Request (a)

The Women and Gender Resource Center (WGRC) would like to request \$2,500 in one-time augmentation funding to the FY23 budget for the creation of a resource guide for UH student-parents.

The WGRC has seen an increase in requests for supportive services from our student-parent population in the form of requests for items (such as diapers, baby formula, etc) and assistance with getting connected to resources in the community for food and health needs.

The WGRC recognizes that part of our three methods (educating, empowering, supported) names new parents as a population that we wish to serve. One way in which we seek to do this is to create a comprehensive new parent resource guide in conjunction with the team at Creation Station. This guide would contain information on healthcare resources, infant and child safety, developmental milestones, applying for benefits, and more. We would seek to gather feedback from student-parents about what information they would find helpful in a resource guide and use that to guide our decision-making.

This guide would also serve as a proactive communication to our student-parent community that they are a recognized and valued part of our UH population.
