FY24 Student Fees Advisory Committee (SFAC) One-Time Request (c)

The Women and Gender Resource Center (WGRC) would like to request \$5,000 in one-time augmentation funding to the FY23 budget for programs aimed at developing a collaboration with UH Veteran's Services around military sexual trauma.

Sexual Misconduct Support Services (SMSS) at the WGRC believes that we could forge a partnership with Veteran's Services in support of survivors of military sexual trauma. The WGRC would like to use one-time funding to help establish and promote programming, including a film screening of "The Invisible War" and an expert's panel on military sexual trauma. We'd also like to create informational brochures geared to veterans with resources for survivors, tips for support persons, and information about the role that everyone plays in creating a culture of support for survivors of military sexual trauma.

Additionally, a partnership with Veteran's Services would support WGRC's goal of having regular collaborations with Dean of Students portfolio departments. Beyond this, however, we would provide an opportunity for the campus community to familiarize themselves with the communities we serve and the intersection of identities and experiences which can benefit from being connected with multiple departments as resources.
