STUDENT FEE ADVISORY COMMITTEE

NEW FUNDING REQUESTS

CoogTV continues to steadily grow and increase each year with members, videos, and opportunities. The Executive Board has found it necessary to look for new equipment that will help us give our growing members equal opportunity with more and new equipment. CoogTV receive a donation of digital screens from ABC 13 to enhance our studio for background transitions. In order to use them to their fullest potential CoogTV is requesting an additional One time funding request for equipment and digital Board for FY24 to take our studio to the next level. CoogTV has seen an increase in involvement in the last couple of years. The Executive Branch is having to share equipment more often due to our increase in members but still having the same amount of equipment. CoogTV is requesting Additional One Time Funding for the Equipment and Digital Board of \$9,010.00.
